RE: *Mark Cross Reference*

To Whom It May Concern:

It is my pleasure to offer this letter of reference on behalf of Mark Cross. I have worked with Mark in various capacities over the last decade and have consistently found his work to be of the highest professional quality, his talent considerable, and his character to be of the first order.

As a producer and director, I have called upon Mark's abilities on several occasions. This work has included both dramatic acting and positions as a narrator for script readings. With his deep baritone voice, his ability to understand material quickly, and his skill at responding to direction, Mark is a pleasure to have on the set or in the studio. I've encountered few who possess his level of intuition as an actor along with his voice control that rivals any broadcaster or voice over artist. I enthusiastically recommend him for any talent position in the entertainment industry.

Sincerely,

Charles Miller
